Find the correct option to complete the dialogue.

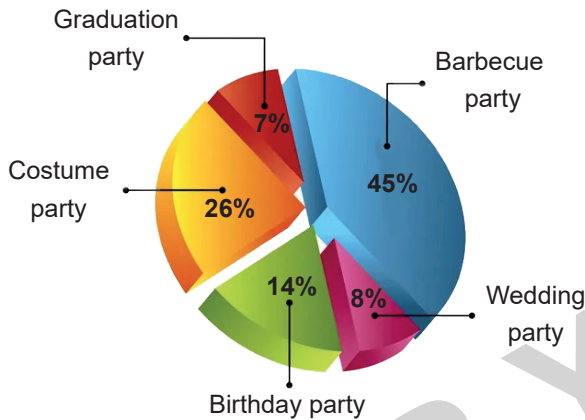

- A) Just a little.
- B) Maybe later.
- C) A few, please.
- D) I'm full.

7. (I) I would like to throw a surprise birthday party for my best friend next Tuesday. (II) I don't have much time, so I should first make a to do list to be faster. (III) I like organizing parties for my family members and friends a lot. (IV) I mustn't forget any details about the party.

Which sentence disrupts the meaning of the text?

- A) I B) II C) III D) IV

8. A research company asked 100 English people about what kind of parties they like most. Here are their answers:

According to the graphic above,

- A) many of English people like costume parties as much as barbecue parties
 B) nearly the same number of English people like graduation and wedding parties
 C) birthday parties are the most popular party type among English people
 D) most of English people join birthday parties more than costume parties

9. Your friend is arranging a garden party next Sunday. She / He invites you to the party. You have a plan with your family on that day, so you refuse the invitation.

What do you say?

- A) I'd love to, but I'm busy.
 B) I will be there for sure.
 C) I can't miss this party.
 D) Thanks, I'll definitely join you.

10. You should follow some steps to have a great party. One of them is to decide your party place. If you decide it, you need a lot of decorations.

Fill in the blank with the appropriate option.

- A) Buy balloons, bows and confetti for the place.
 B) Prepare a to - do list and do all of them.
 C) Buy some snacks and drinks to offer your guests.
 D) Learn the exact number of the guests.

11. 1. What do you need for the party?
 2. Where is your tea party?
 3. Would you like some cookies?

A. Yes, just a few, please.
 B. Some snacks and beverages.
 C. It's at my cousin's cafe.

Which of the following matching is correct?

- A) 1 - C B) 1 - B C) 1 - A D) 1 - B
 2 - A 2 - A 2 - C 2 - C
 3 - B 3 - C 3 - B 3 - A

12. Tomorrow is Zoey's birthday. Her friends want to have a surprise party to celebrate her new age. The list below shows who should what for the party.

- Brian - hang the banner
 Gloria - prepare a guest list
 Mandy - buy the candles
 Jenny - make a cake
 Caleb - arrange some music CDs
 Tracey - blow up the balloons
 Simon - post the invitation cards

According to the list above, who is responsible for decorating the party place?

- A) Jenny and Simon B) Brian and Tracey
 C) Mandy and Gloria D) Caleb and Brian

1. Julia and her friends are talking about the future of the world. They are making predictions about the future and saying that something is possible or probable in the future.

JULIA

People will use flying cars in their daily life and they won't be stuck in a traffic jam.

RYAN

People will be able to live in underwater cities because of the bad effects of global warming.

KATIE

People won't drive cars running on petrol because they'll use vehicles that go in the air.

DANIEL

People will begin to live on other planets like Mars and Venus, and meet aliens.

According to the speeches above, whose predictions are about the same topic?

- A) Katie and Julia B) Ryan and Katie
C) Daniel and Julia D) Ryan and Daniel
2. Hello. I'm Kaitlyn. I have some dreams for my future. I will probably go to a university because I want to be an architect. Then, I hope I will find a job at an architectural firm in a big city. I may have a successful career there. Oh! I forgot to say. I will get married and have two children. I think I'll move to a village with my family after I'm retired. I'll spend time for my hobbies in my sixties.

We can understand from the text that

- A) she will build houses and bridges in the future
B) she thinks she won't have a great business life
C) she'll live in a small place before she stops working
D) she'll be busy with the activities she likes in her 60s

3. James wrote down some predictions about his friend, Mike's future. Here are his predictions:

- I. You will run your own business.
II. You will have some serious health problems.
III. You will make many bad friends.
IV. You will live in a peaceful place.

Which of the predictions in the box above does not Mike like?

- A) I – II B) II – III C) II – IV D) III – IV
4. Lily asks Kimberly her future dreams about education, family, occupation and social relationships.
- Find the option that is not an appropriate answer for Kimberly.
- A) I will probably live in a peaceful countryside.
B) I will make a lot of new friends and have fun.
C) I will receive a scholarship to a good university.
D) I will get married and have four children.

5. **Victoria:** In my twenties, I'll go on my education and travel around the world with my friends.

Peter: I'm a basketball player. I hope I will play in the NBA and win many medals.

Mia: Twenty years from now, I think we will use brain chips to record all our lives.

Oscar: People won't have enough water because of global warming and the air will be dirtier in the 2040s.

Which of the following option is said according to the speeches above?

- A) Victoria dreams she will have a good family and business life.
B) Peter doesn't have a dream about his future career.
C) Mia's prediction is about a technological development.
D) Oscar predicts the world will be a better place for humans.

6. **Frank:** I hope I'll graduate from university and find a good job in a big company. I'll earn a lot of money and buy a great house with garden.

William: I think I'll choose astronomy as a career. I'll probably get married and have two children.

Arthur: I imagine I'll be a famous cook and run my own restaurant. I will get married and have four children.

According to the speeches above, we can say that

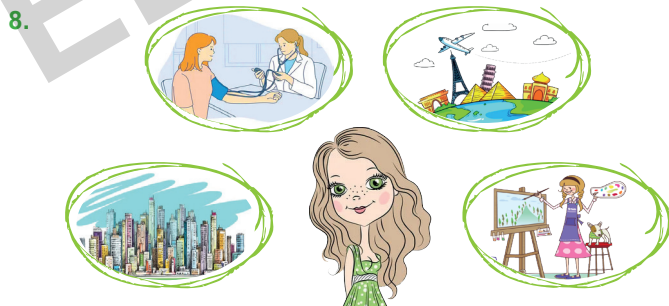

- A) both Frank and Arthur will have a big family
- B) Arthur will work for another person as a cook
- C) William will have a job related to space field
- D) Frank will get a low salary in his job

7. Tom is a seventh grade student. Here are his dreams about his future:

- having a university diploma
- getting married
- buying a house and a car
- living in a big city
- travelling all over the world

According to the information above, he wants to

- A) see different places
- B) have a long and healthy life
- C) be an expert in different fields
- D) continue living in a small place

Ashley is dreaming about her future. According to the pictures above, which option can be correct?

- A) She imagines being a good dentist.
- B) She has a dream about travelling around the world.
- C) She predicts she will live in a small village.
- D) She thinks she will have no time for her hobbies.

9. Hello, my name is Susan. I think deserts will become rainforests. People will grow trees in the deserts, and they will all be green. That means

Complete the blank with the suitable option.

- A) there is a high probability of less rain
- B) people will have a watershortage
- C) water pollution will be a serious problem
- D) there won't be any droughts

10.

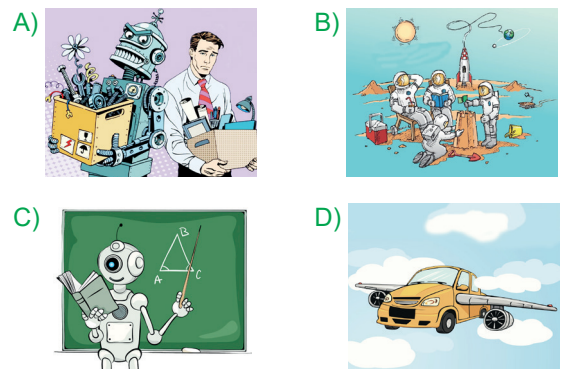

Hi, my name is Lily. I hope I'll be a professional tennis player and get married. I'll have two children and live in London with my family. I'll go on a round-the-world tour and meet new people in my 50s.

According to Lily's talk, she has a prediction about her future

- A) health
- B) education
- C) hobbies
- D) family

11. Yesterday, Gloria read a technology magazine. There was an interesting prediction about the future. It said that tourists will be able to travel to other planets easily in 2060.

Which picture is related to the information above?

12. In fifty years, people will make contact with because I think our planet, Earth is not the only planet capable of supporting complex life forms.

Choose the correct word for the blank.

- A) robots
- B) plants
- C) aliens
- D) computers

1. Kevin, Jason and Brian are going shopping today. Kevin is going to buy a new pair of boots. Jason is going to buy some sports magazines. Brian will see his favourite artist's paintings.

According to the information above, where are they going today?

- A) Kevin – Clothes shop, Jason – Bookshop, Brian – Museum
- B) Kevin – Shoe shop, Jason – Newsagent's, Brian – Art gallery
- C) Kevin – Shopping mall, Jason – Library, Brian – Bookshop
- D) Kevin – Amusement park, Jason – Newsagent's, Brian – Movie theatre

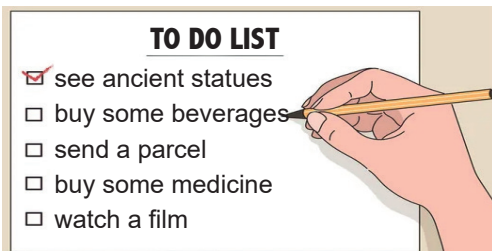

2. The chart below shows the places that Claire visited last weekend.

SATURDAY	SUNDAY
Bakery	Museum
Movie theatre	Coffee shop
Department store	Amusement park

According to the information above, we can say that Claire

- A) drew money for her needs
- B) sent some letters
- C) saw a play on the stage
- D) bought some furniture

3. Charlie will go outside to do the things in his list.

According to Charlie's to do list, he won't go to the

- A) library
- B) post office
- C) chemist's
- D) grocery

4. Ryan: Excuse me, can I have some meat?

Katie: Hello, I want to try on this red dress.

David: Hi, I need some painkillers for my headache.

Ashley: Good morning. I want to pay my taxes.

According to the speeches above, who is at the municipality now?

- A) Ryan
- B) Katie
- C) David
- D) Ashley

5. Maggie: ?

Scott: I was at the library.

Maggie: ?

Scott: To do research about my science assignment.

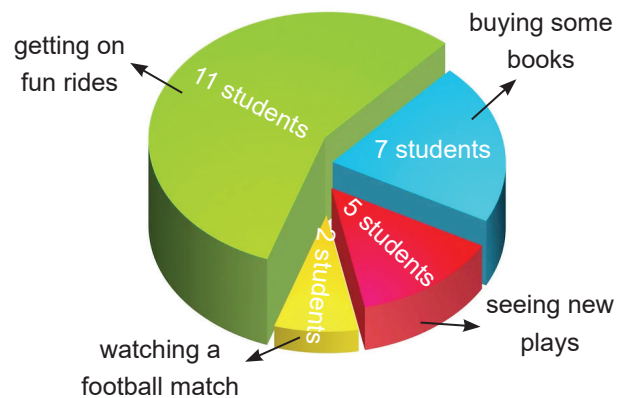

Maggie: ?

Scott: At half past nine in the morning.

Which question does not Maggie ask Scott?

- A) What time did you go there
- B) Where were you yesterday
- C) What did you do there
- D) Why did you go there

6. English teacher, Mr. Howard asked his students what kind of activities they did at the weekend. The table below shows some information about their answers.

Which of the following option is correct according to the information above?

- A) Many of the students spent time at the cinema.
- B) Two of the students went to the stadium.
- C) Less than seven students were at the bookshop.
- D) Half of the students went to the amusement park.

7.

Graham

I met my friend, Christopher, in the shopping mall last Saturday. First, we drank something and had a chat. Next, we bought two tickets for our favourite actor's latest film. After that, we ate something. Then, we bought a dictionary for our favourite subject, Spanish. Finally, I came home in the evening and my parents made me a surprise. We went to see the exhibition of paintings by my favourite artist.

It is clear from Graham's talk that

- A) he went to the movie theatre with his friend
 - B) he didn't visit the art gallery with his mom and dad
 - C) he spent time at the cafe after the restaurant
 - D) he bought a dictionary from the library
8. Jonathan went to some places in his neighbourhood yesterday. The signs below show the reasons why he went to these places.
- To buy some fruit and vegetables
 - To have his driving licence
 - To attend a charity event

Which places did Jonathan visit according to the information above?

- | | | |
|--------------------------|-----------------------|-------------------------------------|
| <input type="checkbox"/> | <input type="radio"/> | <input checked="" type="checkbox"/> |
| A) Grocery | Fire station | Municipality |
| B) Greengrocer's | Police station | City hall |
| C) Butcher's | Pharmacy | Museum |
| D) Department store | Bank | Music store |

9. Larry lives in a nice neighbourhood. There is a bakery, a park, a newsagent's, a chemist's and a shopping mall in his neighbourhood.

According to the information above, there is no place for in Larry's neighbourhood.

- A) getting medicine
- B) walking his dog
- C) buying new clothes
- D) reporting a crime

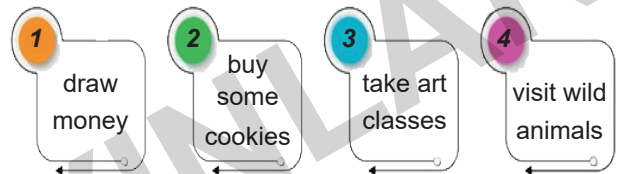

10. Caleb and Danny want to do something different this weekend. The table below shows their likes.

Caleb's Likes	Danny's Likes
seeing old things	listening to music
watching sport events	reading books
drawing pictures	playing soccer

According to the table, which of the following is a suitable place for them to meet?

- A) Museum
- B) Concert hall
- C) Stadium
- D) Art gallery

11. Steve has a list of the tasks related to his home. The table below shows what he will do in order.

According to the information above, which of the following shows the places he will go?

- | | | | |
|-----------------|----------|--------------|----------|
| <u>1</u> | <u>2</u> | <u>3</u> | <u>4</u> |
| A) Bank | Bakery | City hall | Zoo |
| B) Post office | Butcher | Municipality | Bank |
| C) Bank | Grocery | Art Gallery | Circus |
| D) Municipality | Bakery | City hall | Bank |

12. George: Hello, how can I help you?

Cliff: Hi, I'm looking for a new pair of trainers.

George: Great, let me see what we have. Do you have a specific type or brand in your mind?

Cliff: Not really, I'm just looking for something comfortable and supportive.

George: Got it. Let me show you these trainers. They have excellent arch support and cushioning.

Cliff: Those look good. Do you have them in my size?

George: Let me check. Yes, we have them in your size. You can try them on if you'd like.

According to the conversation above, George works at the

- A) chemist's
- B) clothes shop
- C) toy shop
- D) shoe shop

TEST 1

Çözümler için

1. Gina will prepare a poster about air pollution, but she can't decide the slogan and the picture for her poster. Here are the options:

- I. Don't drop litter into oceans!
- II. Keep the streets clean!
- III. Drive less, walk or cycle more!
- IV. Recycle waste materials!

Which one is appropriate for Gina's project?

- A) I – a B) II – b C) III – c D) IV – d

2.  Global warming is the long-term increase in Earth's average surface temperature. It is a threatening problem for all living things in the world. There are some eco-friendly ways to prevent it. We should prefer public transportation more, use products suitable for reusing and reduce the use of electricity.

Which eco-friendly behaviour is related to one of the suggestions above?

- A) Kim leaves the electronic devices on all the time.
- B) Sofia always buys recyclable products.
- C) Jeremy often goes everywhere by his car.
- D) Molly takes part in tree planting days every year.

3. If you want to save the environment, you should

Complete the sentence with the suitable option.

- A) waste water and energy
- B) cut down more trees
- C) use your own car too often
- D) use renewable energy resources

4. Charlotte and her school friends are talking about what they can do to protect the environment.

Charlotte: We can stop using fossil fuels for heating.

William: We can put the rubbish on the streets.

Kaitlyn: We can buy energy saving light bulbs.

Jonathan: We can use natural pesticides.

Hailey: We can keep the seas, rivers and lakes clean.

According to the speeches above, whose opinions are related to the same environmental problem?

- A) William – Jonathan B) Kaitlyn – Hailey
- C) Charlotte – William D) Jonathan – Kaitlyn

5. Here is Sofia's to do list to save the planet:

- ✓ Turn off the lights when not in use.
- ✓ Plant more trees that you can.
- ✓ Reduce, reuse and recycle.
- ✓ Put your garbage into the bins.

In her to do list, there is no precaution for

- A) global warming B) deforestation
- C) energy waste D) water pollution

6. Today, we have many environmental problems. People cut down thousands of trees for different reasons, but these trees are necessary because they provide oxygen and fresh air for us.

Which environmental problem is mentioned in the text above?

7. Air pollution is the release of harmful gases into the atmosphere. In many countries, it is the leading cause of death. An estimated seven million people die every year from indoor and outdoor air pollution. We must take action to prevent it.

Which option is not appropriate to fill in the blank?

- A) We mustn't use too much chemicals on farms to kill harmful insects.
- B) We mustn't throw rubbish on the streets and use plastic materials.
- C) We must use fossil fuels to heat in our homes instead of other energy sources.
- D) We must cycle to work and school, and walk for short distances.

8.

Pollution is when we harm the Earth in different ways. It is a big problem today, and we are responsible for it. We make the oceans, air, and land dirty. Sadly, many of us don't know enough about these problems. Our actions upset the natural balance, and we're hurting the environment. We must say "stop" and try our hardest to fix this before it's too late.

The text above tells us that

- A) humans don't play a big role in any environmental issues
- B) environmental problems are not the results of human activities
- C) human activities have no bad impacts on the environment
- D) human activities cause pollution and it's damaging the Earth in various ways

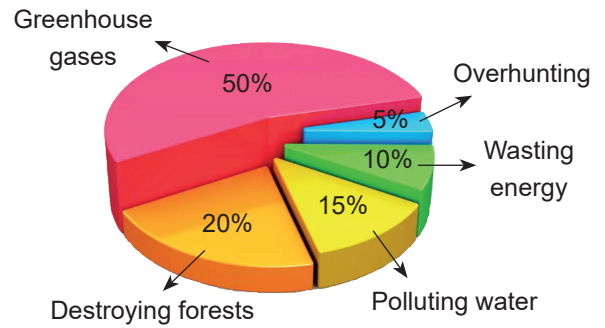

9.

- It has bad effects on life and causes genetic problems for humans and animals.
- People can't breathe easily because of the vehicles' exhaust fume.

Which environmental problems are related to the results given above?

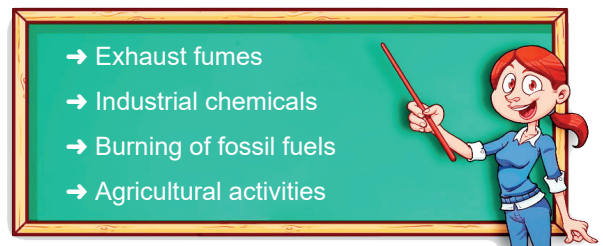

- A) Nuclear waste – Air pollution
- B) Deforestation – Water pollution
- C) Global warming – Land pollution
- D) Pesticides – Noise pollution

10. The graphic below shows the results of a survey on the reasons of environmental problems.

Which of the following is not correct according to the graphic above?

- A) Destroying forests is more harmful than wasting energy.
 - B) Greenhouse gases are the most serious problem for the environment.
 - C) Overhunting is the lowest negative effect on the environment.
 - D) Water pollution is the least important problem compared to the other reasons.
11. English teacher, Mrs. Hope wrote down some reasons for an environmental problem on the board and asked her students to find solutions. Here are the reasons and her students' solutions:

- Tina: We should turn off the lights when we don't need.
- Frank: We shouldn't throw our litter into the seas.
- Katie: We should use public transportation more.
- Logan: We should recycle waste materials.

Who offers a suitable solution for the environmental problem on the board?

- A) Tina
- B) Frank
- C) Katie
- D) Logan

12. To recycle, we should our garbage and put it into different boxes.

Choose the correct word for the blank.

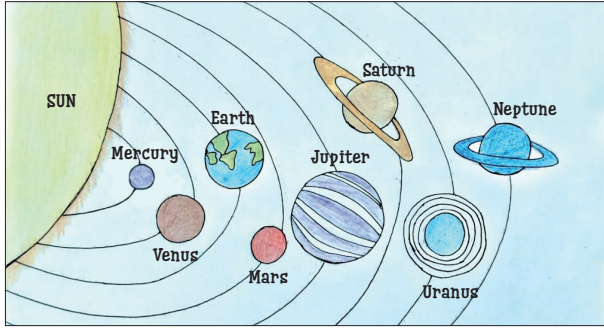

- A) throw
- B) classify
- C) prevent
- D) waste

TEST 1

Çözümler için
karekodu
okutunuz

1.

Which of the following option is correct according to the visual above?

- A) There is only one planet smaller than Mercury.
- B) Jupiter is the largest planet in the solar system.
- C) Uranus is bigger than Saturn and Neptune.
- D) Mars is closer to the Sun than Venus and Earth.

2.

There are eight planets in our solar system. Their names are Mercury, Venus, Earth, Mars, Jupiter, Saturn, Uranus and Neptune. These planets have satellites except Mercury and Venus. Mercury is the smallest and the nearest planet to the Sun. Jupiter is bigger than other planets.

Find the question that does not have an answer in the paragraph above.

- A) How many planets are there in the solar system?
- B) What is the largest planet in the solar system?
- C) What are the planets' names in the solar system?
- D) Which planet is the farthest from the Sun?

3. **Oliver:** There are eight planets in the solar system, but our planet, Earth is the only habitable one.

Kristen: What do you mean by that?

Oliver: I mean that

Choose the suitable option to complete the dialogue above.

- A) Earth is the third closest planet to the Sun
- B) it is a satellite because it moves around the Sun
- C) none of the other planets has life on it
- D) Earth is the fifth largest planet in the solar system

4.

A comet is a small chunk of dust and ice that orbits, or travels around, the Sun. It is sometimes described as a "dirty snowball". There are billions of comets in the solar system, but most never pass close by Earth. The best-known comet is called Halley's Comet. It is named after Edmond Halley (1656–1742), an English astronomer, who predicted the comet's return. Scientists took a close look at its nucleus with telescopes for the first time in 1986. It can be seen from Earth about every 76 years. When it is near, it can be seen with the naked eye. It will return in 2061.

We can understand from the text that

- A) people can see Halley's Comet in every 76 years without a telescope
- B) Halley's Comet moves along an oval orbit around the Sun
- C) Halley's Comet is made of only dust, so it is called as a dirty snowball
- D) scientists saw Halley's Comet for the first time one hundred years ago

5.

Planets	Distance from the Sun	Average temperature
Earth	150 million km	14°C
Venus	108.2 million km	460°C
Saturn	1.427 million km	-178°C

According to the chart above,

- A) Venus isn't closer to the Sun than Saturn
- B) Earth is colder than Venus and Saturn
- C) Saturn is the hottest planet among them
- D) Earth is farther from the Sun than Venus

6. Mercury is the planet in our solar system. All other planets are bigger than Mercury. It is only slightly larger than Earth's moon.

Fill in the blank with the correct option.

- A) smallest
- B) largest
- C) hottest
- D) nearest

7. Mars is often called the “Red Planet” because of its reddish appearance and has a day length similar to Earth’s. However, its year is longer, lasting about 687 Earth days. Jupiter is the largest planet and rotates very quickly, with a day lasting only about 9.9 hours. Its year is much shorter than Earth’s, approximately 11.9 Earth years.

Which of the following cannot we say according to the information above?

- A) Mars appears in the sky as a reddish star.
- B) There are no planets bigger than Jupiter.
- C) A day on Jupiter is longer than a day on Mars.
- D) A year on the Earth is shorter than a year on Mars.

8.

Venus is closer to the Sun than Earth. Its temperature can go up to 465°C. That makes it the hottest planet in the solar system. It is similar to Earth in terms of size and composition, but it has a thick, cloudy atmosphere that traps heat and makes it extremely hot.

In this text, you can find out the information about

- A) the equator length of Venus
- B) the average temperature of Venus
- C) the distance of Venus to the Sun
- D) the reason why Venus is the hottest planet

9. **Jamie:**

Aaron: Neptune is the eighth and farthest planet from the Sun in our solar system. It’s a gas giant and has a vivid blue color. It’s a very cold planet.

Which question does Jamie ask Aaron?

- A) Why is not Neptune a hot planet?
- B) What do you know about Neptune?
- C) Is Neptune the closest planet to the Sun?
- D) What’s the order of Neptune in the solar system?

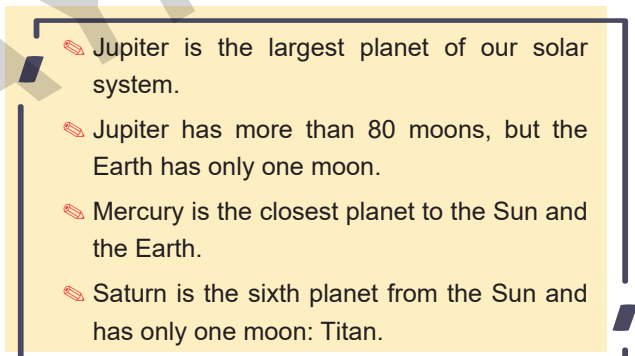

10.

Dwarf planets	Year of discovery	Diameter (km)
Ceres	1801	940
Pluto	1930	2,377
Haumea	2003	1,960
Eris	2003	2,326
Makemake	2005	1,430

Which of the following is correct according to the information in the table above?

- A) Astronomers discovered Makemake earlier than the other planets.
- B) Pluto and Eris are smaller than the other dwarf planets.
- C) Ceres is not the smallest dwarf planet among all the dwarf planets.
- D) Scientists discovered Haumea and Eris in the same year.

11.

- ✎ Jupiter is the largest planet of our solar system.
- ✎ Jupiter has more than 80 moons, but the Earth has only one moon.
- ✎ Mercury is the closest planet to the Sun and the Earth.
- ✎ Saturn is the sixth planet from the Sun and has only one moon: Titan.

It is clear from the information above that

- A) Saturn isn’t farther from the Sun than Mercury
- B) Earth’s diameter is bigger than Jupiter’s diameter
- C) Earth and Saturn has the same number of moons
- D) there are other planets larger than Jupiter

12. NASA launched the Kepler telescope to in 2009. The Kepler team discovered five new planets, as big as the Earth, beyond our solar system.

Fill in the blank with the most suitable option.

- A) find the proof of life in space
- B) explore habitable planets
- C) observe the Earth from space
- D) travel around other planets

www.ortaokuldata.com Dijital Eğitim Platformunun tanıtım ve kullanım videoları için karekodu okutunuz.

Dijital Eğitim Platformunda Neler Var?

Bu seti alan öğretmen ve öğrencilerin tamamı Dijital Eğitim Platformuna sınırsız sahip olacaktır. Dijital Eğitim Platformunda

- Deneme sınavları çözme,
- Soru çözme,
- Konu çalışma,
- Yapay zeka destekli istatistiksel raporlar alma,
- Süreç odaklı dijital öğrenci takip sistemi,
- Ders kitabının dijital içerikleri,
- Akıllı tahta uygulamaları

gibi birçok özelliğe sahiptir.

Dijital Eğitim Platformu Nasıl Kullanılır?

- Öğretmenin sisteme üye olması
 1. Öğretmen kendisi ortaokuldata.com'dan üyelik yapabilir.
 2. 0 (542) 262 03 37 whatsapp hattından yardım alarak üyelik yaptırabilir.
- Öğretmen, öğrenci listesini sisteme girdikten sonra öğrencilerin kullanıcı adı ve şifreleri otomatik oluşturulacak veya öğrenci listesini 0 (542) 262 03 37 whatsapp hattına göndererek sistem tarafından öğrenci şifreleri oluşturulacaktır.
- Öğrenci, öğretmeninden alacağı şifre ile sisteme giriş yapabilecektir.

* Sınırsız kullanım süresi 1 eğitim-öğretim yılıdır.
